

# EXPLORING CHILDHOODS

## THE COUCH CONVERSATIONS

### WEBINAR SERIES

*'Childhood isn't a hothouse to be fenced in and closed off and climate controlled. It's a wide open, sun drenched, wind-swept field of endless possibilities, experiences and discoveries'* L.R. Knost

Semann & Slattery and David Gilkes Education Consultant bring you some of the world's leading thinkers on early childhood education and childhood. This series explores a range of issues related to early childhood education and the ways in which children and their childhoods are constructed, engaged with and responded to. During the webinar our international speakers will present and then engage in a dialogue with Anthony Semann and David Gilkes.
